

Alma Swivel Armchair By Calligaris

VOYAGER

ALMA is an armchair with soft and welcoming shapes and a swivel metal base.

The design of the ALMA armchair is developed by joining up straight and curved lines where the back and arms converge in a single structure.

Alma features decorative stitching along the profile of the rear part of the back and the sides, to accent the armrests. The structure is in cold-cured polyurethane foam.

With single-colour or two-tone fabric or leather covers, place it next to its pouf for maximum relaxation.
