

Alta Sofa By Ditre Italia

VOYAGER

"The volume of the sofa, inspired by a ball of cotton, is generated by the horizontal element that compresses the material and defines its form, inviting users to take the weight off their feet and relax View Configurator Here."

Designed by Patrick Norguet

For Patrick Norguet, the sofa is more than a simple settee, it is the fulcrum of domestic living. This is why Alta elevates the very idea of comfort, translating it into a form that is soft, generous and welcoming, also visually.
