

## Arena By Calligaris

VOYAGER

**“The elegant simplicity of Arena is elevated by a harmonious aesthetic.”**

**Designed by:** Radice Orlandini

Arena is constructed from tubular metal with a round wooden top featuring raised edges upholstered in regenerated leather. This fashion-inspired detail embraces the table top, turning it into a private personal sphere - a virtual protective arena in which to retreat and take a break from the pressures of the day. In this version, the table top can also become a handy removable tray.

**Lead time:** Approximately 12-16 weeks from Italy

Prices, availability, lead times, dimensions and product information listed are subject to change without notice. This document was created on 11/Oct/2022 at 11:18 AM.
