Baron Extension Table By Calligaris

VOYAGER

“With a simple to use extension mechanism it is no surprise the Baron is our best seller!”

Made in Italy.

Designed by STC Italy.

Baron is an innovative furnishing solution for living or dining rooms.The extension system works by pulling out the frame and twisting the concealed extension leaves into place. Legs extend with the top remaining at the corners so guests can be seated in maximum comfort; seats up to 10 persons. The frame is made of metal while the top and the extension leaves are made of glass.

Available in a range of different extendable size options.

Colours: Various options

Finishes: Various options

Warranty: 2 year international warranty

Lead time: 1-2 weeks if stocked locally. 12-14 week lead time if local stock is exhausted.

Prices, availability, lead times, dimensions and product information listed are subject to change without notice. This document was created on 27/Nov/2020 at 10:26 AM.
