

## Berlin By Calligaris

VOYAGER

**“Rigorous and formal, the Berlin evokes an impression of extreme lightness with its minimalist frame.”**

FLOORSTOCK Special on our stock table - Finished in Bronze Transparent Glass with Matt Bronze Frame

The Berlin extendable table is inspired by the metal structures of the underground of the namesake German city. Consisting of a metal tube with a square cross-section. Berlin can be ideally fitted in large dining rooms thanks to its two independent extensions. Perfectly integrated into the frame's design, they slide on aluminium guides, matching with the base, and increase the table's length.

**Finishes:** Top available in Calacatta Black Marble, Transparent Glass or Transparent Bronze glass. Frame available in a combination of different metal finishes.

**Dimensions (cm):** L 180 (230)(280)cm W 100cm |

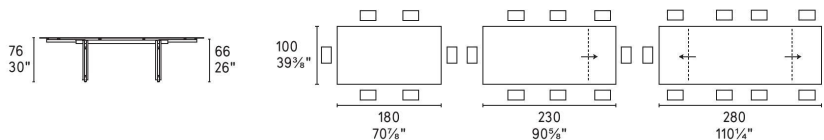

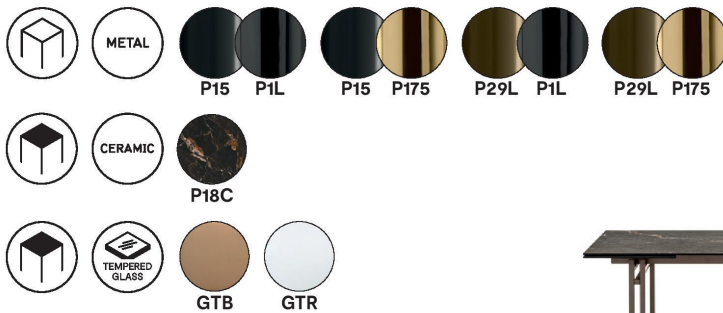

**Lead time:** From 12-16 weeks

**Customisable:** FLOORSTOCK SPECIAL PRICE Only ONE AVAILABLE
