“Circular Totem”

Totem for holding objects in a circular shape on several levels. Made entirely from varnished metal. This design piece puts a new slant on furnishing accessories. CIRCLES is a highly original way to keep your most important belongings in view without taking up too much space. This columnar totem in tubular metal has 4 circular metal sheet shelves. Made to match the column, the circular shelves have been placed at different heights and the tubular rods also come in differing heights, creating a visually striking arrangement.
