

## Clip Set By Ditre Italia

VOYAGER

**“Clip’s soft lines add a sculptural appeal to any space”**

Freedom once again: to create, arrange, invite, change your mind and reorganise. Clip Set is inspired by timeless paper clips that can be used over and over again. A collection of free-standing upholstered seating with the same theme in common but differing in size and extremely versatile: the pouf, for example, can be turned into a coffee table. But these very lively elements can suggest lots of other transformations as well. The metal coffee tables that complement the range offer a functional and eye catching contrast.
