

## Doon Dining Table By Ditre Italia

VOYAGER

**"If elegance is all about balance, the Doon table is the perfect incarnation."**

If elegance is all about balance, the Doon table is the perfect incarnation. Designed by Stefano Spessotto, it stems from the idea of harmoniously pairing two distinct materials. The modules that form the base of the table are two identical elements in different finishes that brush up against each other. The result is a game of visual balances that changes depending on your point of view, generating new and ever-evolving forms.
