

Echo Pedestal Table By Calligaris

VOYAGER

"A strong personality with well-defined lines."

Designed by: Studio 28|Calligaris Studio

Echo dining table boasts a strong personality with square but well-defined lines. The central metal column supports a range of tops available in different shapes, sizes and materials to create a truly personalised table. The pedestal maximises seating by offering virtually zero impediment to chair placement. The different tops, available in glass-ceramic or wood, make it possible to create multiple combinations and to play on the union of warm and cold materials. Choose the top that's perfect for you!

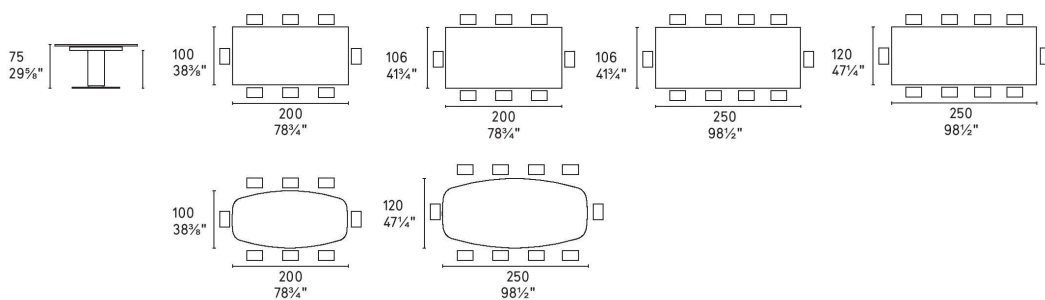

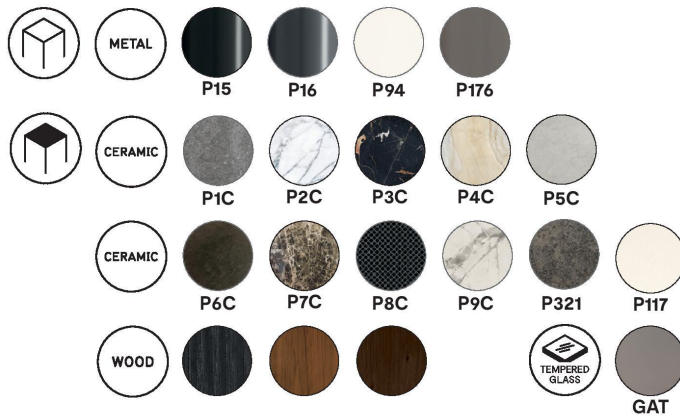

Colours: Please refer to the product schematics for colour options and finishes.

Lead time: 1-2 weeks if in stock. New orders approximately 12-16 weeks from Italy.

Prices, availability, lead times, dimensions and product information listed are subject to change without notice. This document was created on 11/Oct/2022 at 11:09 AM.
