

Gala Chair By Calligaris

VOYAGER

A triumph of contrasts where the subtle metallic glint of black and brass is counterpointed by the warmth of rich velvet or the elegance of genuine leather. Gala is an elegant refined chair with armrests that completes the set of armchairs and stools with a nostalgic feel and retro vibe. Boasting a tubular-metal sled frame, rectangular metal backrest and padded seat supported by elastic belts, this piece is an ideal addition to the dining area.
