

Harlow Round Side Table By Bernhardt

VOYAGER

"A luxe glass-topped side table with a minimalist look and an airy feel."

With clean lines and quadrilateral shapes, the Harlow round side table offers a cool contemporary appeal. The unique open-frame design features a tubular steel base and crisscrossing stretchers in an oil-rubbed bronze finish. A white travertine stone shelf lends a natural element, while an elegant inset tempered glass top contributes to the light, airy feel.

Dimensions (cm): L 61 | H 66 | D 61
