**VOYAGER**

**"Highly elegant and extraordinarily functional."**

Designed by: Archirivolto.

Icaro round dining table features a ceramic top and a base structure made up of three pieces in veneered wood which are 40-mm thick. Let the wings of Icaro lift your dining room to new heights as they elegantly anchor this non-extending round table at its base. It is a highly elegant and extraordinarily functional piece. It can even be fitted with a lazy Susan - a raised turntable placed in the middle so that all the guests can easily and comfortably serve themselves.
