

## Icaro Round Table By Calligaris

**VOYAGER**

Designed by Busetti / Garuti / Redaelli.

ICARO is a table with a ceramic top and base structure made up of three pieces in veneered wood which are 40-mm thick.

Let the wings of Icaro lift your dining room to new heights as they elegantly anchor this non-extending round table at its base. It is a highly elegant and extraordinarily functional piece. It can even be fitted with a lazy Susan - a raised turntable placed in the middle so that all the guests can easily and comfortably serve themselves.
