

## Kimono Armchair By Amura

**VOYAGER**

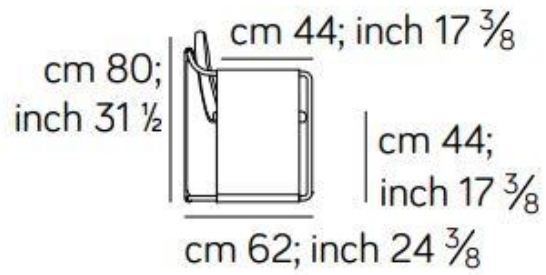

Designed by Quaglio & Simonelli

KIMONO is an elegant armchair, made of two elements: a tubular metal structure and the cuoio coverage. The tubular metal gives shape to the structure, and the cuoio dresses it, hiding some parts, showing others: it defines the seat and backrest, leans on the arms and falls back, straight to the floor, as long kimono sleeves.

Soft fabric cushions allow for the necessary comfort.
