

## Lennox By Ditre Italia

## VOYAGER

**“Lennox uses a lack of symmetry as a way of expressing style and comfort.”**

Lennox offers elements in which the height of the dorsal supporting surface varies depending on the position of the seat. Furthermore, exclusive modules such as islands lend themselves to the creation of original lines by simply placing one island next to the other to suit one's own taste.

As well as with a dual-height backrest, Lennox is also available with a singleheight back. The informal version of the back comes with scatter cushions while the more tradition one has uninterrupted, plain backrest cushions. A detail of the tubular metal leg with its delicate, airy design that is reminiscent of the traditional oriental game of Shanghai. Available with an elegant matt black finish.

**Lead time:** Approximately 20-24 weeks from Italy

Prices, availability, lead times, dimensions and product information listed are subject to change without notice. This document was created on 17/May/2022 at 11:12 AM.
