

Liberty Chair By Calligaris

VOYAGER

These Viennese coffee-parlour-inspired chairs have been catapulted from the mid-nineteenth century to elevate our everyday. Liberty dusts off the famous legacy of the Thonet range and brings it to our homes, reworking it with a contemporary spin and imbuing it with a star quality. Crafted from polypropylene (outdoor suitable as well), this lightweight functional Liberty chair features interchangeable highly durable feet and can be stacked up to four at a time. It is available in a broad array of colours which taps into the latest fashion trends, making this piece a true icon with a versatile design and within everyone's reach.

Dimensions:

W: 55cm D: 51cm H: 80cm, Seat H: 46cm
