Line Bookcase By Calligaris

VOYAGER

“Understated by characterful!”

Line is a wall-mounted bookcase with a pared-back aesthetic. Understated but characterful, it is an excellent home storage system with an edgy graphic feel. Choosing the right material was a decisive factor in creating its pristine appearance and we settled on steel. A sturdy yet slender sheet has been welded onto slim tubular rods. Both parts help to hold the structure in place; the horizontal tubular rods provide the shelving with support and the shelves can be arranged at any height in order to showcase your prized possessions and treasured books of all shapes and sizes. With a compact and versatile design, Line rises to a good height and can be placed anywhere in the house, either as single modules or grouped together

Finishes: Matt Black, Matt Bronze and Matt Optic White Metal
