

Loman Sofa By Ditre Italia

VOYAGER

“Superb comfort, and gorgeous curves, the Loman will add glamour to a large room”

This sofa system comes in two solutions for the back. One with a full-length back cushion (Loman), the other with scatter cushions in different sizes for the backs (Loman Soft).

It is available with upholstery in entirely removable fabric or with removable leather cushions, with non-removable covers for the structure with leather. The rear support for the backs can also be customised in fabric or leather.

The feet and low unit are available in three colours: white, brown or lead. Metal accessories make it complete: bookshelves, tops and small tables are available in the same lacquer finishes as the low unit/feet for a coordinated composition.

Glides are used for the curved models to enable the sofa to float and to minimise appearance of legs.

Lead time: 18-24 weeks approx from Italy
