

Mavis Sofa Range By Amura

VOYAGER

“A masterclass in contemporary design; clean lines, providing generous seating space within a compact footprint.”

The design has all the characteristics of contemporary Italian furniture; clean lines, metal legs and astute attention to detail. The seat, arms and back cushion each have a beautiful pleated detail that is meticulously hand-sewn and the back of the sofa has the slightest of curves which adds to its already elegant silhouette.

- Fifth middle leg can optionally be used for stability
