

## Minimum Umbrella Stand By Calligaris

**VOYAGER**

Designed By: Busetti / Garuti / Redaelli

MINIMUM: an umbrella stand with sober and sophisticated lines that elevate a normally minor furnishing element to an accessory that can be showcased. The frame, made of round metal rod, is designed to fulfil multiple support needs that reflect the wide variety of available umbrellas: small travel umbrellas can be hung on the L-shaped element, while conventional umbrellas of various sizes can rest within the upper ring. The drip tray, made of pre-galvanised and varnished metal plate, can be removed to facilitate cleaning.

Prices, availability, lead times, dimensions and product information listed are subject to change without notice. This document was created on 23/Sep/2020 at 03:15 PM.
