

Papilo Sofa By Ditre Italia

VOYAGER

“Sculptural design that goes beyond symmetry”

Designed by Stefano Spessotto

Papilo is a contemporary interpretation on the informal sofa. Endless combinations and luxurious fabrics let you create your own stunning look for your sofa. Everything revolves around a mobile cushion with an adjustable shape, sitting on a contrasting, streamlined, geometric base.

The mobile backrests adjust to your body when you use them, ensuring unique, wraparound comfort. This sofa has no front or back and each side offers a potential and freedom of interpretation, enhanced by a design that goes beyond symmetry. No other sofa will ever be such a perfect fit.

Available to order in a large selection of Ditre Italia fabrics. Timber feet are standard or transparent methacrylate feet are an optional extra.

Fabrics: Available in many different fabric options. Enquire now about our full range of fabric options.

Variations:

The Papilo is a modular system with many different pieces, creating the perfect living system for your space. See product brochure for suggested compositions and enquire now about further composition options.

Lead time: Approximately 20-24 weeks from Italy.
