

Podium Table

VOYAGER

“The Podium is a sculptural masterpiece! The rendered concrete finish makes a stark modern statement reminiscent of the Guggenheim”

The Podium Table features a bold, industrial-inspired concrete base in a stylish Concrete, White or Anthracite Concrete finish. This sinuously designed base is complemented with a barrel, elliptical or rectangular shaped table top available in various Wood, Glass, Concrete or Super Marble Ceramic options. Concrete: This new concrete finish is created with a special mix of non-toxic concrete resins. The top is treated with a polyurethane finish made of two transparent components making the surface waterproof and ideal for domestic use. The finish features microcavities on the surface with uneven and smokey pigments for a raw appearance.

Colours: Choose from fixed or extending tables, with timber, glass or porcelain tops

Lead time: Stocked options, or 20 weeks approx from Italy
