

Softy Armchair By Ditre Italia

VOYAGER

“Classic design with a vintage soul.”

Designed by: Edi and Paolo Ciani Design

This armchair has a strong visual impact that, at once, expresses solidity and softness. The base and its leather cover express a vintage soul, creating a pleasant contrast with the generous seat padding and producing interplays of different materials with very elegant results. It's the ideal chair to distinguish contemporary, emotive settings such as lounge areas, waiting rooms, cosy sitting areas and hotel lobbies. There are three options for the base - swivel, timber or metal legs.

Finishes: The timber base is available in Eucalyptus or Grey Wood. The swivel base is available in Anthracite or Dark Brown. The metal base is available in Black or Black Chrome.
