Stellar Side Tables By Calligaris

VOYAGER

"STELLAR shoots to the stars in terms of aesthetics and functionality!"

With its celestial frame formed of intertwining hairpin metal legs and its divine finish elevated by the use of several different materials, STELLAR shoots to the stars in terms of aesthetics and functionality. Black or white metal for the base structure and wood or marbled ceramic for the table top - the astronomical success of this coffee table is written in the stars.

Straight to you from the Milky Way, STELLAR is a heavenly co-mingling of elegance and harmony which has come down to earth to elevate your living area.

Available in two sizes with, ceramic or wooden tops.
